

## **Integrated Systems Librarian**

SCAD Savannah seeks qualified applicants for an integrated systems librarian for its Jen Library. The person in this position will be responsible for providing dynamic leadership of all aspects of the SCAD library's Millennium operating system, to include maintenance, troubleshooting and upgrades of the system. In addition, the successful candidate will coordinate all electronic resources in collaboration with internal SCAD library departments. Qualified applicants will have experience with comparable integrated library systems, Millennium experience preferred. Must have the ability to communicate effectively with library and university-wide staff in all locations. An ALA-accredited M.L.S. degree and an undergraduate degree in a subject discipline taught at SCAD are required.

Please apply online to <https://scadjobs.com> for further consideration.
